

Beacon, New York

This lovely, pristine colonial rests on two landscaped acres in an enclave of similar homes near the Hudson River. A grand two story entrance introduces the formal living room and dining room, den, half bath, kitchen with granite counter tops and stainless steel appliances, and a great room warmed by a fireplace. Upstairs is an elegant master suite with sitting area, walk-in closets, and bath with Jacuzzi and separate shower, as well as three additional bedrooms and another full bath. Minutes from the shops and galleries of Beacon, the DIA Museum, the Metro-North Station with express service to Manhattan, and close to the charming village of Cold Spring .
